

St. Johnland In-Person Visitation Guidelines:

- At this time, visitation is strictly prohibited in resident rooms or care areas. Visitation can be inside, in a well-ventilated space with no more than 10 individuals who are appropriately socially distanced and wearing a facemask or face covering while in the presence of others. This may include residents visiting each other.
- Visitors are screened for signs and symptoms of COVID-19 prior to resident access and visitation will be refused if the individual(s) exhibits any COVID-19 symptoms or do not pass the screening questions. Screening shall consist of both temperature checks and asking screening questions to assess potential exposure to COVID-19 which shall include questions regarding international travel or travel to other states designated under the Commissioner's travel advisory. The facility must maintain screening questions asked onsite and make it available upon the Department's request.
- Documentation of screening must be maintained onsite in an electronic format and available upon the Department's request for purposes of inspection and potential contact tracing. Documentation **must** include the following for each visitor to the nursing home:
 - First and last name of the visitor
 - Physical (street) address of the visitor
 - Daytime and evening telephone number
 - Date and time of visit
 - Email address, if available; and
 - A notation indicating the individual cleared the screening (both temperature and questions) that does not include any individual temperatures or other individual specific information.
 - The visitor must present a verified negative test result within the last week (7 days) and visitation must be refused if the individual(s) fails to present such negative test result, exhibits any COVID-19 symptoms, or does not pass screening questions.
- Visitors must wear a face mask or face covering which covers both the nose and mouth at all times when on the premises of the NH. Visitors must maintain social distancing. The nursing home must have adequate supply of masks on hand for visitors and must make them available to visitors who lack an acceptable face covering.
- The number of visitors **CANNOT EXCEED** 10% of the resident census at any time. Only two visitors will be allowed per resident at one time.
- Visitors under the age of 18 years old are now permitted if accompanied by an adult 18 years of age or older..

St. Johnland Nursing Center will schedule visitation times as follows:

Monday – Friday 11:00 AM, 2:00 PM and 4:00 PM

Saturday & Sunday 11:00 AM and 2:00 PM

- Family members should call Stacey Powers to make an appointment for visitation at 631-663-2401.
